

TranTech Engineering, LLC is looking to hire a full-time Staff Civil Engineer with 1 to 5 years of experience for our Bellingham office. The candidate will work on a wide variety of projects throughout the Puget Sound region including municipal roadways, bridges, retaining walls, drainage systems, transportation planning, and construction management projects for various public agencies. 2024 college graduates will be considered.

Minimum Qualifications

- One (1) year in a Civil (Roadways and/ or Utilities), Structural, or related engineering field in an environment that includes transportation-oriented design, plan preparation, writing specifications, developing cost estimates, and assembling contract documents and/or other related engineering processes. **College internships will be considered in experience.**
- Bachelor's in civil engineering (BSCE) from an ABET accredited college or university
- Engineer-in-Training (EIT) certification
- Valid driver's license and insurable driving record
- Good communication skills
- Proficiency with Microsoft Office (Word, Excel, PowerPoint, & Outlook)
- Proficiency with AutoCAD and Civil 3D (MicroStation a plus)

Additional Experience Desired

- Structural engineering experience of bridges and/or retaining walls
- Construction inspection experience

Typical Job Responsibilities

Perform design services related to roadway and site layout, grading, drainage, utilities, and erosion control in conformance with local, state and federal regulations.

- Prepare construction plans using AutoCAD/Civil 3D
- Assist in development of technical reports
- Prepare specifications and cost estimates
- Demonstrate strong verbal and written communications skills
- Demonstrate strong organizational skills and aptitude for detail

FSLA Status: Exempt
